IGFA World Record Application

Read all the IGFA's International Angling Rules and World Record Requirements before completing and signing this application. This application must be completed by the angler in its entirety, as the IGFA will not review incomplete applications that lack the necessary supporting material. The angler's signature on the completed form must be witnessed by a notary or by an IGFA trustee, representative or staff. This application must be accompanied by line or tippet samples and photographs as specified in the World Records Requirements. Anglers are encouraged to write a detailed description of the catch, as in some cases this may be required. The description may also be used in future IGFA publications.
